

Marcus Romundset

+1 (917) 984-0414 | mromundset@berkeley.edu | <https://www.linkedin.com/in/romundset> | <https://mromundset.github.io/>

EDUCATION

University of California, Berkeley

Expected Graduation: May 2027

B.A. Computer Science & B.A. Economics (Honors Programme) (Dual Degree)

GPA: 3.85/4.0

Relevant Coursework: Discrete Math & Probability Theory | Financial Economics | Econometrics | Micro & Macro Economics | Efficient Algorithms | Machine Learning | Computer Architecture | Database Systems | Multivar. Calculus | Principles of Business

PROFESSIONAL EXPERIENCE

Norges Bank Investment Management | (Incoming) Fund Valuation Intern

Summer 2026

- Intern at world's largest sovereign wealth fund (\$2.2T AUM). Working on quantitative valuation algorithms for asset classes.

Nording & Partners (Boutique Mngmt. Consulting) | Visiting Associate

Jan 2026 – Mar 2026

- Led 8-week operational efficiency engagement for \$200M+ architectural glass manufacturer, diagnosing middle-management workflow inefficiencies through on-site stakeholder interviews and process mapping across value-chain delivery functions.
- Developed models forecasting $\pm 20\%$ construction demand sensitivity, informing pricing discipline and bid-risk thresholds.
- Interviewed 18 project leaders on-site on operational bottlenecks, condensing internal deal workflow from 14 to 6 steps.
- Presented operational strategy to Board, driving +45% faster project-bid proposals and projected +30% payroll savings.

Hyperspell (Y-Combinator F25) | Product Lead

Nov 2024 – Dec 2025

- Joined pre-revenue YC-backed agentic infrastructure startup, scaling from 0 to \$1.2M ARR and raising \$6.2M in VC funding at \$50M+ post-money valuation. Ownership over product vision, go-to-market strategy, and investor outbound and upsell.
- Assessed market positioning of 26 competitors, implementing product re-alignments improving customer acquisition by 35%.
- Executed 3-tier pricing model for SaaS product, increasing quarterly upsell conversions by 30% and decreasing 55% of churn.
- Facilitated \$6.2M Seed funding by creating pitch decks and leading investor calls, achieving a 40%+ VC conversion rate.

Dualog | Product Management Intern - Maritime Products

May 2025 – Aug 2025

- Lead 5-intern team in developing AI features for Dualog Mail - a maritime software deployed on 5,000+ commercial vessels across 130 global fleets. Conducted stakeholder management with 11 \$3B+ ship management clients for product iteration.
- Designed risk-assessment dashboard using deep-learning on ship-shore email traffic, reducing preventable delays by 28%.
- Identified a \$5.6M under-served market using stakeholder interviews and feedback synthesis across 160+ unique insights.
- Projected \$2.5M in payroll savings for on-shore ship-operators by creating embedded vector knowledge-bases for fleet traffic.

NVIDIA | Product Management Intern - Sales Forecasting

Jan 2025 – Jun 2025

- Directed 8-person machine learning forecasting team tasked with improving NVIDIA's Bayesian log-linear regression demand forecasting model. The project objective was to forecast 3-6 qtr. GPU demand, optimizing sales and supply-chain readiness.
- Feature-engineered forecasting model through 8 data-techniques such as RFS, PCA, lag-optimization, and interaction terms.
- Mobilized research on finding new covariate datasets, cleaning and testing 230+ unique features on GPU-demand impact.
- Quantified +\$8.3M GPU revenue upside from +0.7% forecasting accuracy gain. Informed strategy on supply-chain ops.

J.P. Morgan Chase | Corporate Strategy Intern

Aug 2024 – Dec 2024

- Collaborated with Western Regional Minority Supplier Development Council to present 50+ partnership opportunities to their Board of Directors. Contributed to a 40% increase in the WRMSDC's procurement catalog for corporate sponsors.
- Led analysis on diversity spend from 32 corporations, resolving regional gaps and increasing portfolio diversification by 24%.
- Developed automated corporate partner scoring frameworks across 6 KPIs, expediting supplier qualification cycles by 70%.
- Advised executives on supplier diversity investments, scaling strategic initiatives and influencing board-level DEI priorities.

LEADERSHIP & ACTIVITIES

DiversaTech Consulting | President

Jan 2024 – Present

- Led diversity-focused NGO consultancy serving 60+ clients, including Google, LinkedIn, Microsoft, and PayPal. Managed 45-member team and scaled campus outreach to 1,700+ students through 25+ workshops, panels, and recruiting events.
- Rationalized new executive position of VP of Inclusion, intending to increase minority outreach. Exceeded recruitment goals, with a 180% increase in underrepresented minority applications and 230% increase in minority first-round interview makeup.
- Negotiated \$80,000+ in funding for strategy, technical, and design projects, contributing to a 40% increase in YoY budget.

UC Berkeley Club Golf Team | Team Captain

Fall 2025 – Present

- Captain of 22-player collegiate golf team; defeated Stanford, Santa Clara, and CSU East Bay in heads-up tournament play.
- Built a cohesive team culture through structured practices, mentorship of new players, and strong alumni engagement.
- Organized team training sessions, travel logistics, and intercollegiate matches across Northern California club golf programs.

SKILLS & INTERESTS
